

Manual backpack sprayer with 16 and 20 litre capacity respectively and a lance and metal nozzle. Sprayer suitable for use in gardening and agriculture.

Advantages

- Robust and resistant stainless steel lance.
- Greater strength and performance to agrochemicals thanks to the robustness of the FPM seal and the stainless steel handle.
- Maintenance without tools.
- Homogeneous treatment thanks to the pressure regulator.
- It includes a selection of nozzles that allows different types of application.
- Possibility of mixing inside the tank thanks to the translucent liquid level indicator.
- Ambidextrous and lightweight keeping the ergonomics.
- Suitable for application of products of natural origin (pelargonic, acetic, etc...).

Functional information

Stainless steel handle

3-position pressure regulator

Lance/lever support

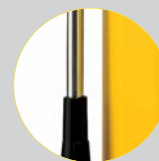

Integrated system to release the cylinder without emptying

Reinforced chamber with FPM retainer for intensive use

Integrated and comfortable transport handle

Stainless steel lance

Large filling opening

Translucent liquid level indicator

Adjustable padded straps
